# FACILITIES SERVICES STRATEGIC PLANNING MANAGEMENT STRUCTURE FY2017-2019

---

## Oversight Team

Manage and oversee the activities of the division's strategic plan and its ongoing review. Map out proactive choices and big picture strategic thinking to strengthen the division and propel it forward. Participate in the review and revise sessions and provide overviews to the Facilities Services Management and Division Teams. Identify and focus on how our strategic plan aligns and contributes to the University's strategic plan.

## Facilities Services Management Team

Keep the mission and core values as a focus in our daily operational activities and use it as a resource to guide our decision making. Work with departmental employees to develop goals and participate on action plan teams that support the strategic initiatives. Discuss and contribute to the overall strategic planning process.

## Action Plan Team Leaders

Review reports and/or presentations regarding the division's strategic initiatives. Responsible for implementing the action plans and reporting on their progress. Focus is on accountability and desired outcomes.

## Facilities Services Division Team

Assist in developing the division's vision for growth and success. Establish departmental goals based on the division's strategic initiatives. Discuss this information with your employees and provide feedback throughout the strategic planning process.

## Strategic Coaches

Provide processes and facilitation to the various teams as needed.
