

# LEARNING COMMUNITY PROGRAM TRACKING

## LIFE SCIENCES

### Life Sciences (Arts & Sciences Majors)

The Life Sciences Learning Community allows students considering majors in biology, chemistry, pre-medical studies, environmental science or other sciences to live and study together. One of the main goals of this community is to provide the optimal environment for studying, learning, and building community with other science and premedical students. At the culmination of the residential experience, students will be holistically formed, critically reflective, and socially and personally responsible.

### Curricular Experience:

As part of the curricular and co-curricular living-learning requirement of the community, all Life Science students in the College of Arts & Sciences will be pre-registered by the LC Academic Coordinator into BIOL 1240, BIOL 1245, CHEM based on major, placement and track and UNIV 1010 during the fall semester, as well as BIOL 1260, BIOL 1265, CHEM based on major, placement and track during the Spring semester. All courses offered to Life Sciences students have been identified by the Learning Community Development Team in collaboration with faculty from the College of Arts and Sciences.

### Requesting an Exemption

There are four general reasons that an LC student may be excused from one or more of their Learning Community courses: **1.)** The student has prior credit; Advanced Placement/Dual Enrollment/Transfer credit. **2.)** The student has not met a prerequisite for the LC course. **3.)** The LC course conflicts with a requirement for their major; including a course sequence issue (please note: all other LC course options and scheduling options must be exhausted before an exemption is given to the student). **4.)** The

student is a student-athlete; in the Billiken Success Program; or in the INTO program and has a programming conflict.

To apply for an LC course exemption, students must contact their academic advisor and request that the advisor complete the exemption application found on the LC website:

<http://www.slu.edu/housing/living/learn/> Students who drop required LC courses *without* the approval of the LC program will forfeit their opportunity to obtain the Medallion award. Failure to be enrolled in at least one LC course during the Fall and one LC course in the Spring, *without* the approval of the LC Program is grounds for being required to leave the LC program, including housing reassignment onto a non-LC floor or a different residence hall.
