WHAT'S IN IT FOR YOU?

In addition to good health and awareness, Vitality rewards you for your wellness efforts and successes by incorporating incentives into the program, commonly referred to as Vitality Rewards®.

And, for an added incentive, Vitality randomly gives away monthly prizes to Vitality members through the Vitality Jackpot™.

And to help you save money while engaged in the program, Vitality also offers discounts at Vitality Partner Health Clubs and wellness rebates.

SAVE MONEY

Get paid to work out! If you sign-up to become a member at a Vitality Partner Health Club, Vitality will help pay your dues.

Vitality offers subsidies to help pay a portion of your Partner Health Club dues based upon your Vitality Status. In addition, most participating health clubs offer discounted membership rates to Vitality members to make the membership even more affordable. For a complete list of Partner Health Clubs, log onto the Vitality website.

Can't find your gym on the Partner Health Club list? You are still eligible for an annual gym rebate of \$200 to help with your membership dues. You cannot, however, receive a subsidy and a rebate. You must choose one or the other.

Vitality also offers rebates for weight loss and smoking cessation programs. Simply fill out the Wellness Rebate form found under the Engage tab > Forms on the website and receive a \$200 rebate check upon completion of the program.

Please note: *subsidies and rebates do not apply to onsite work fitness centers. Weight loss programs and smoking cessation rebates are once per lifetime. Please log into your account on the Vitality website for complete rules and details.*
