

2021 Summary of Benefits upon Retirement

The following details describe what will happen to your benefits upon leaving the University.

Health (Medical, Dental and Vision) Insurance

Active medical, dental and vision coverage for you and your dependents ends on the last day of the month in which your employment ends. For example, if your retirement date is October 10, your health insurance ends on October 31. Please note that if you retire on the last day of the month, benefits will end that same day.

You may elect to continue coverage either under the retiree medical program or under COBRA. Please see the 2021 Retiree Benefits Enrollment guide + Medicare resources for additional information on the retiree medical program. After your retirement, you will receive the COBRA Continuation Election Notice from Sax Benefits Group. Please note the following conditions:

- You must choose coverage under COBRA or the retiree medical program within 60 days from the day you receive the COBRA Continuation Election Notice. The date will be specified in the Notice you receive.
- You must pay the entire premium. When you are no longer an active employee, the University no longer pays a portion of the premium.
- You cannot change your health insurance plan until the next open enrollment period.
- You cannot change between the retiree medical program and COBRA. Once you elect coverage under COBRA, you cannot change to the retiree medical program later.
- If you are under "employee only" coverage when you retire from the University, you cannot change the coverage to a different level unless you experience a "qualifying event" as defined by the IRS. If you experience a qualifying event, you must notify Sax Benefits Group within 30 days of the event to make a change to your coverage.
- If you have a spouse or dependents covered when you retire, your spouse and/or dependents may elect coverage under COBRA regardless of whether you elect COBRA coverage.
- You may be able to find more affordable coverage through the Health Insurance Marketplace. More information can be found at www.healthcare.gov.

If vacation leave in excess of forty (40) hours is taken within 30 days prior to separation, the number of hours over forty (40) will be deducted from the forty (40) hour maximum payout. Under no circumstances can employees take more than 80 hours of vacation in the last 30 days of employment. Employees are required to be at work on their last day of employment.

Flexible Spending Accounts – Healthcare

If you enrolled in the Flexible Spending Account (FSA), your contributions to your FSA stop with your last paycheck (unless you are eligible and elect to continue contributions to your FSA under COBRA). Please note the following:

- You have until April 30 of the year following your retirement to submit claims for expenses that you incurred on or prior to your last day of employment.
- If you have a ConnectYourCare debit card for Healthcare FSA, you must destroy the card and NOT use it past your retirement date. If you use the debit card past your end of retirement date, you are responsible to repay those charges.
- If you elect COBRA for the Healthcare FSA, you will continue to contribute on an after-tax basis. This allows you to submit claims for expenses incurred after your retirement date, as long as you continue to make your COBRA payments. Please note, you will have to submit paper claims to ConnectYourCare.
- Contact ConnectYourCare if you have questions regarding claims submission, account balances or pending claims at 888-339-3819.
