

CPR Classes

First Aid/CPR for the Professional Rescuer with AED: Adult, Child & Infant CPR

This American Red Cross course teaches you to recognize and respond to emergencies. Participants will learn first aid for everything from cuts and scrapes to muscle, bone and joint injuries. The CPR portion teaches participants to respond to breathing and cardiac emergencies in adults, children and infants. Learn how to use an AED on an adult or child victim of cardiac arrest and how to use personal protective equipment to stop bloodborne pathogens and other diseases from spreading. There will be a written test and a skills test which must be passed to successfully receive your certification.
