

Vitality's Gym Rebate Program

Updated 2017

Vitality's new Gym Rebate Program combines their previous Subsidy Program and Rebate Program into one. Here are some highlights:

- SLU Employees must reach the minimum workout threshold of **100 workouts** by the end of the Vitality year (September 30th, 2017) before rebate can be requested & awarded
- SLU Employees can receive a rebate of up to \$350 for their gym membership (cost of a Faculty/Staff membership at Simon Recreation Center).
- Spouses can earn back \$300 here at the Simon Rec Center (this is our Annual membership rate) or up to \$350 at other gyms, depending on total gym fees.
- Points are awarded through:
 - Vitality Today app via gym check in functionality
 - Vitality compatible fitness tracking device (Fitbit, Garmin, Apple Watch, etc.)
 - Online submission*
- Only Standard and Advance workouts count toward your 100 workout goal
- The member's rebate will not be more than his or her gym dues for the program year and may only submit for reimbursement once.
- **If member is on Payroll Deduction here at the Simon Rec Center, they will want to wait until the end of the Vitality year to submit for reimbursement since they will want to show they've paid the full \$350 for the year.** For example, if you reach your 100 workouts in June and are on Payroll Deduction, you've only "paid in" 6 months worth of membership fees, so Vitality will only reimburse you what you've already paid. Since you can only submit for your rebate one time per Vitality year, it is best to wait until you can get the largest rebate amount possible.
- Any reward paid previously in October-December 2016 will be deducted from the new rebate amount in the 2017 Vitality year.
- Once you've reached your workout minimum requirement and are ready to submit for reimbursement, complete our "Simon Rec Membership Documentation" form to show proof of active membership/gym contract. This must be signed by an SRC employee before submitting to Vitality.

**Online Submission* – Vitality needs proof of workouts from your gym and must receive these within 90 days of your gym visit. To view the past 30 days of visits at the Simon Rec Center, follow the steps below. If you need more than 30 days-worth of history, please contact our Member Services Coordinator (contact info below).

- Visit shopcampusrec.slu.edu
- Click on "Log In" in the upper right-hand corner of the screen
- Login by clicking on the blue box "sign in with login.slu.edu" and using your SLU username and password.
- Once you're logged in, you'll see your username in the top right-hand corner for the screen. Click on your username and then click on profile.
- Next, click on "Facilities" on the left-hand side of the screen and then click on "Access History".
- Here, you should be able to access/view your facility access history and share this information with Vitality through their online submission process. I recommend taking a screen shot, putting in a Word document and then saving as a PDF to upload to Vitality.
