INFORMATION ABOUT PCR AND SEROLOGY TESTS

Sanitas only covers Covid-19 laboratory tests for patients admitted with acute respiratory infection or in emergency situations (subject to change by Sanitas in relation to changing pandemic protocols).

The COVID-19 laboratory tests are:

- PCR: a nasal and pharyngeal sampling with a swab to measure virus RNA levels in the patient; this is the fastest and most reliable test to detect infection.
- Serology quantified in serum IgM and IgG: a blood test that measures the amount of IgM and IgG anti-Covid antibodies in the patient allowing a diagnosis of the patient’s probability of having been infected.

The closest laboratory to campus, where you do not need a prescription to get nor an appointment to get COVID tested is:

**Centro Isaac Peral**

**MADRID - ISAAC PERAL**

C/ Isaac Peral, 42, 2ª planta
28015 Madrid Madrid
91 544 52 18

**GENERAL BLOOD TESTS**
Monday to Friday: 7:30 to 12:00 hours
Saturdays: 8:00 to 11:00 hours

**COVID TESTS:**
Monday to Friday: 07:30 to 14:00 and 15:00 to 19:00 hours
Saturdays: 08:00 a 11:00 hours

Once you get the results, please consult your doctor IN SPAIN, or with Dr. Borrás, as what protocol you must follow:

**Rubén Borrás (English/Spanish)**
Calle Padilla, 20 bajo derecha
+34 91 575 98 34 or + 34 666 847 988
dr.rvborphas@gmail.com
Metro: Núñez de Balboa (Lines 5 and 9)
You will need to provide to Dr. Borrás your Sanitas policy number (on your card)
