The Office of Student Life at the Madrid Campus welcomes you to Spain. True to the Jesuit tradition, SLU-Madrid believes in educating the “whole” person, concerned not only with the life of the mind, but also with the life of the heart, body and spirit. In Student Life we provide opportunities for you to meet this goal. In the Student Insider’s Guide you will find suggestions about making the most of your time in Madrid.

If you have any questions after reading, please feel free to come to see us at our office on the ground floor of Padre Rubio Hall (PRH) or e-mail us at studentlife-madrid@slu.edu.

Be Open

- Expect to feel a little disoriented with the differences between “home” and SLU-Madrid.
- Take your academics seriously... We understand that besides going to class, you want to travel and go out, but remember that you are enrolled in an academic program. Our courses are challenging!
- Interact with other students, not just the people you already know. Our students represent 60 countries. Make the most of the different extracurricular activities organized by our office where you can meet interesting people and enhance your experience through student organization activities, Student Life trips, sports, volunteer and Campus Ministry opportunities.
- Madrid night life is an extraordinary experience for students. Be prepared to enjoy it, but do not go overboard.

Be Safe

- Give your emergency contact information to your family and any others who may need to know. Keep them informed on an on-going basis, especially when you plan to travel outside of Madrid and in any situation that may come up on the news and they are not sure where you are.
- The Spanish Red Cross encourages cellular phone users to
identify their emergency contact in their phone book by including Aa before that person’s name [e.g. Aa Host Mom]. If you do not have an emergency contact in Madrid, we encourage you to use SLU-Madrid’s health and safety emergency number (+34 638 763 758); however, please keep in mind that misuse or abuse of this emergency service is sanctionable.

- Comply with the Students Responsibilities and Community Standards and the emergency procedures of the University.
- Be aware of local conditions and customs that may present health or safety risks when making daily choices and decisions. Communicate promptly any health or safety concerns to Student Life staff or your host family.
- Remain vigilant about your surroundings. It is not a good idea to draw attention to yourself. This usually only becomes a problem while out in large groups, on the metro or in some of the more tourist areas – although it can happen anywhere.
- When going out at night, always have a charged cell phone available. Share a taxi when returning home late at night. Like many large cities, Madrid can be dangerous in the early hours of the morning. You are especially vulnerable if alcohol has dulled your level of alertness.
- Behave in a manner that is respectful of the rights and well-being of others, and encourage others to behave in a similar manner.
- Accept responsibility for your own decisions and actions.
- Be very careful with the drinks you ask for at any bar or night club, making sure that there is nothing in the glass and that the bottle is opened in front of you. Never leave your glass unattended.
- Make two copies of your passport. Leave one in one of your suitcases where you are living. Carry the other with you at all times. Leave your original passport at your Madrid address except when needed for travel or official business. It is also advisable to email your emergency contact a scanned copy of your passport.
- It is best to leave all valuables (jewelry, cameras, money, etc.) locked in a suitcase at your Madrid address. The University is not responsible for items that are lost or stolen.
- Never leave any of your bag, backpacks, purses, iPads, laptops, smartphones unattended for even a moment, both: on and off-campus.
• In case of national emergency in Spain, we will inform you through your slu.edu e-mail account and through the Campus Life Newsletter.

**Be Healthy**

• Carry your Sanitas insurance card with you at all times. Remember you will have a new card every session, which you must pick up from the Student Life office. If you go to any hospital or doctor without the card, you will have to pay for medical services out-of-pocket.

• If you are ill, look on our webpage to contact the appropriate physician [Hospitals and Doctors](#).

• There will be no cost for these doctors as they work with Sanitas health insurance; however, the Sanitas insurance plan does not include prescription medicine or dental work.

• The Student Life Office will help you find a general practitioner who speaks English.

• You can also check on our website [Medical Emergencies](#).

• For more information about a general practitioner who speaks English and who takes Sanitas health insurance, cf. Appendix I.

• For more information about a near-to-campus, daytime, walk-in clinic that accepts Sanitas health insurance, cf. Appendix II.

• For hospitals close to campus that take Sanitas health insurance for emergencies and other health issues, cf. Appendix III.

• In Spain all medicine (prescription and over-the-counter) is sold only in pharmacies and is relatively inexpensive. Although the ingredients are generally the same, brand names differ from those in the U.S. and other countries. If you have a persistent cough or cold, you should see a doctor rather than guess the appropriate medication on your own.

• Do not abuse alcohol or drugs, and never mix them. There are many things in Madrid you can do without going into bars and night clubs and without drinking – for example, our Billiken Nights. You can also get involved in sports, join or charter a student-led club or organization, or volunteer in the community.
Be Fit

Contact our Sports Director, César Rioja (cesar.rioja@slu.edu), who will inform you about tryouts, pick-up games, sports classes, the location of gyms, sports pavilions, swimming pools, and more. Also check the Campus Life Newsletter for weekly updates.

Through SLU-Madrid you can participate in the following athletic activities:

- (American) Football
- Baseball

Be Comfortable

- If you are in Host Family housing arranged through the University, you need to understand what your Housing Agreement entails. Visit our website to read the agreement. For other issues related to housing, contact the Office of Student Life, or e-mail housing-madrid@slu.edu.
- All Host Family housing is closed during Christmas/Winter Break and Holy Week. (See the SLU-Madrid Academic Calendar.)
- Most students take the opportunity to travel. Alternative housing (at the student’s expense) can be arranged in a nearby hostel.

Be Legal

NIE card / Identification card for foreigners (Residency Card)

If you are a student from a non-European Union country and arrived
to Spain with a long-stay visa, your visa is a temporary document, valid to stay in Spain for only three months. Once you enter Spain, you will not be able to use your visa again if you need to travel. The University will help you on the application process.

Within 30 days of your arrival in Spain, you must apply for a residence card for foreigners. (For students, it is known as Spanish Residence Card, TIE) Each card has an assigned code known as a TIE (Tarjeta de Identificación de Extranjeros – Identification Number for Foreigners Card). The card indicates the legality of foreigners in Spain and their identification. Once you receive your Residence card you must have it in your possession to enter and leave Spain.

If you are from the European Union, you may get a NIE as well, but it is not mandatory.

During the semester, if you (whether European or not) plan to apply for a part-time job in Spain or an internship, you must have a NIE.

If you are a non-EU citizen, you should apply for your Residence card: TIE as soon as possible. Despite the valid date on your visa, you will only have 30 days after your entry into Spain to get the card. Start the process of obtaining a card during your first week in Madrid.

**Card Renewal**

The Residence card: TIE is valid for one year and is renewable. You may renew it beginning 60 days before it expires.

**Reentry to Spain Permit (autorización de regreso)**

If you have already started the process of getting your card and you need to leave the EU during the semester, but you do not yet have the card, you should get a Reentry to Spain Permit. This document, valid for one entry in a 90-day period, will let you reenter Spain. You should apply for it at least four weeks before your trip.

Please contact the Office of Student Life for more information on obtaining a Residence card: TIE or a Reentry to Spain Permit.

For important information about your passport, cf. Appendix IV.
Monthly transport cards may be purchased for the Madrid Metro and bus system. The ten-trip pass can be purchased at the ticket machines or ticket counter at any Metro station.

Online Application for Transport Card in the Comunidad de Madrid

**Be in Touch**

The easiest way to keep in touch is through e-mail.

WIFI is installed through-out the SLU-Madrid Campus and in Host Family housing. Telephone access is restricted: you will only be able to receive incoming calls on the land line.

Keep in mind:

- Purchasing a phone is cheaper than renting one; however, the phone will not work in the U.S. – only in Europe, Africa, and the Middle East.

- Incoming calls are free as long as you are in Spain, the base country for the phone. If traveling around Europe, roaming charges are applied for long-distance calls to or from Spain.
• We recommend getting a cell phone with data plan at telephone companies stores or at El Corte Inglés department store where all of them are represented.

If you are having packages or important documents sent to you from the U.S., we encourage you to use FedEx, UPS or DHL, even though it is more expensive than the U.S. Postal Service. The express mail services are faster and more reliable, and shipments can be tracked. U.S. Postal Service Express mail promises a 5- to 7-day delivery to Spain, but that does not mean to your door. Mail goes into the regular Spanish mail, and there is no way to track its progress. Some students have waited for months to receive packages sent by their families through regular mail. Do not send any medications. Electronics, computer accessories, and the like will have VAT assessed if valued over 22€ and duties assessed if valued over 150€.

If you live in Host Family housing, or you want to receive packages (anything that requires a signature, for example, or anything larger than a letter), it is best to have your mail sent to:

Your Full Name
Saint Louis University – Madrid Campus
Avenida del Valle, 34
28003 Madrid SPAIN

During regular office hours there is someone to sign for packages at the University. If you have mail, the bookstore posts your name on its bulletin board.

If you do not live in University-sponsored housing, you should have your mail sent to your own residence, not to the Madrid Campus.
On the Saint Louis University-Madrid Campus, we seek to offer a wide variety of events and services to help you in your spiritual and faith development. Saint Louis University is a Jesuit institution and Campus Ministry is guided by Ignatian Spirituality.

Given that the Madrid Campus is a widely diverse group of staff and students, our goal is to encourage that diversity within our community, supporting each individual’s spiritual needs. By creating a welcoming and accepting community for all, we better ourselves and the world around us.

SLU-Madrid welcomes all members of our campus community to participate in its Campus Ministry sponsored events. Give us your own ideas too! Our mission is to better understand and live out the spirituality given us by Saint Ignatius by:

- Finding God in all things; that is, being actively attentive to God, who is ever active in our lives.
- Being men and women for others; that is, being a people who cannot even conceive of love of God which does not include love for the least of their neighbors.
- Promoting the spirituality and beliefs of all faith traditions.
Activities:

The Jesuit Club is composed of SLU-Madrid faculty, staff and students from all faith traditions, and we welcome you to join us.

You may also get to know the Campus Chaplain, and take advantage of Campus Ministry activities. The initiative to deepen your faith rests with you, but we want to help. Aided by all that SLU has to offer, may you grow in your understanding of God’s desires for you personally and for our world. Campus Ministry provides individuals and groups with opportunities for discovering and developing their God-given gifts, drawing them – as men and women for others – into a deeper communion with God and with God’s people.

Some Current Madrid Campus Ministry Activities:

• **Christian Life Community Groups**

• **Loyola Pilgrimage Retreat**: while visiting Loyola, the home and hometown of Saint Ignatius (founder of the Society of Jesus), we reflect upon our lives as Saint Ignatius did upon his.

• **Fundraising Events**

• **Seminars and round-table discussions** to discuss issues of faith, social justice and a faith that does justice.

• **Catechism for the Sacrament of Confirmation**

• **Visit organizations** that actively serve others; counseling, legal assistance, health issues and others.

• **Sponsor interfaith activities.**
For more information about Campus Ministry activities, look up our webpage, or contact Paloma Gómez de Salazar (paloma.gomezdesalazar@slu.edu), or Fr. Jim O’Leary S.J. (james.oleary@slu.edu).

For a list of places of worship according to your faith tradition, please cf. Appendix III.

• **Be Wired**

The University provides computing equipment and access to networks for the furtherance of the academic work of students. Besides the availability of computers in the Computer Lab and in the Library, students can bring their own laptops and use the Wireless network available on campus.

**Laptop**

To use the internet connections in University housing, your computer must have a free ethernet connection with an RJ45 socket. If you have any hardware or software questions, please email support-madrid@slu.edu.

• **Be Thrifty**

Tips to help you handle your money in Spain:

• Use your debit card or credit card with a PIN. Withdrawing money from ATMs in Spain is the easiest
and cheapest way to get money from the U.S, providing you with the best exchange rate on the day of the transaction. You can also access ATMs at the airport.

- Always keep your money in a safe place and do not share your ATM card PIN with anyone, including friends.
- For incidental expenses, we recommend that you carry 20€ with you at all times.

If you are planning on staying in Madrid for a year or longer, you may want to open a bank account. The University works with the following bank, which is located close to campus:

Banco Santander Central Hispano
Paseo de San Francisco de Sales 35
28003 Madrid
SPAIN
Tel.:91 533 32 01

Western Union also has offices throughout Madrid for receipt of wire transfers. Their toll-free number in Europe is 900 633 633.

If you have an American Express account, money can be wired in two workdays to any American Express office. This method is easy and safe, and you can pick up your money in euros. In order to pick up your money, you must present your passport at:
American Express Office, Calle Juan Ignacio Luca de Tena, 17
Office Hours: 9:00 a.m. to 6:00 p.m.

Also: Madrid-Adolfo Suarez Airport, T4, área de salidas, nivel 2
Office hours: 24 hours

**What to do if your credit and/or debit cards are stolen or lost:**
First, cancel all credit cards by contacting your credit/debit card company:
Visa/ MasterCard/ Europcard: 902 192 100
American Express: 902 375 637
Debit Card: Contact your home bank.

Second, file a police report either by phone at 902 102 112 (they speak English) or in person at Calle Rafael Calvo, 33. You may also do so in person at Comisaria de Policía Centro, Calle Manuel Luna, 29. After completing a report, make two copies: one for yourself and one for the U.S. Embassy, which sometimes recovers stolen items.

Be Cosmopolitan

All University-sponsored trips must be paid for in the Office of Finance using U.S. dollars, euros, credit cards, or personal checks. Please note that trip fees are non-refundable. The University reserves the right to change the dates or destination of trips due to scheduling conflicts.
