Sales and Marketing Internship

Traity's purpose is to help in building a world where we can trust one another, empowering people to access the things they need based on trust. Trustbond is a surety bond available in Australia to help tenants free up their cash while improving the relationship between landlords and tenants.

Job Description:

- Develop online content for our blog and social media
- Work with press and influencers to increase Trustbond's presence
- In charge of user onboarding and overall experience. We expect to deliver a fantastic experience to our clients and that involves building a solid and high quality relation with them.
- Do research on potential markets and present your findings in a variety of formats
- Cold call prospective partners and clients
- Gather feedback from customers and contribute to the development team in integrating your findings so that improvements can be made to the product
- Use and improve our CRM system

Qualifications:

- Native English speaker
- Business, communication, or marketing Major
- Ability to adapt to situations through innovative problem solving
- Creative thinking that drives your motivation to succeed
- A team player who isn't afraid to take the ball all the way to the net
- Able to meet deadlines set by managers and yourself
- Ability to manage time autonomously
- Google suite knowledge
- Strong interpersonal skills
- We are looking for a self driven highly motivated person that is comfortable working in an entrepreneurial environment

What we offer:

- Work in a fun team environment (ping pong table as well as unlimited access to the nespresso machine)
- Engaging team development exercises through Exploding Kittens
- You will be contributing to Traity's national and international growth from your first day
- Beautiful office space overlooking Plaza de España
- Flexible time schedule
- You will get to know the world of startups
- Compensation: Paid internship

Does this sound like the summer you want to have by making a difference?
