

October 4 - 5, 2019

ST. LOUIS, MISSOURI, USA

Hands-on Cadaver Workshop

Advanced Practical Exposures in Vascular Surgery

Course Directors:

Jonathan Bath, MD, FACS,RPVI

Matthew R. Smeds, MD, FACS

slu.edu/medicine/pase

An offering through: Practical Anatomy & Surgical Education, Department of Surgery
Saint Louis University School of Medicine

Course Directors:

Jonathan Bath MD, FACS, RPVI

Assistant Professor of Surgery
Program Director for Vascular Surgery
University of Missouri Health Care
Columbia, MO

Matthew R. Smeds, MD, FACS

Chief, Division of Vascular
and Endovascular Surgery
Program Director, Vascular Surgery
Training Programs
Associate Professor, Department of Surgery
Saint Louis University
School of Medicine
St. Louis, Mo

Distinguished Faculty:

Charles N. Acher, MD, FACS

Professor of Surgery
Division of Vascular Surgery
University of Wisconsin
School of Medicine and Public Health
Madison, WI

Carlos Bechara, MD, FACS

Associate Professor of Surgery
Program Director, Division of Vascular Surgery
Loyola Medicine
Maywood, IL

Kristofer Charlton-Ouw, MD, FACS

Department of Cardiothoracic
and Vascular Surgery
University of Texas Health Science Center
at Houston (UTHealth)
Memorial Hermann Heart
and Vascular Institute – Texas Medical Center
Houston, TX

Jayer Chung, MD, MSc, FACS

Assistant Professor of Surgery
Division of Vascular Surgery
Baylor College of Medicine
Houston, TX

Dawn M. Coleman, MD, FACS

Handleman Research Professor of Surgery
Associate Professor of Surgery
and Pediatrics & Communicable Diseases
Program Director, Vascular Surgery
Michigan Medicine
Ann Arbor, MI

Mark E Conrad, MD, MMSc, FACS

Director of Clinical Research and Vascular
Residency Program Director
Division of Vascular and Endovascular Surgery
Massachusetts General Hospital
Associate Professor of surgery
Harvard Medical School
Boston, MA

Audra A. Duncan, MD, FACS, FRCSC

Chair/ Chief, Division of Vascular Surgery
Western University
London, ON Canada

John F. Eidt, MD, FACS

Vice Chair, Vascular Surgical Services
Baylor Scott & White Heart
and Vascular Hospital
Professor of Surgery
Texas A&M Health Sciences, Dallas Campus
Dallas, TX

Mark Mattos, MD

Program Director, Vascular Fellowship
Michigan State University
Michigan Vascular Center
Flint, MI

Murray L. Shames, MD, FACS

Professor and Chief,
Division of Vascular Surgery
USF Health Morsani School of Medicine
Tampa, FL

Faculty subject to change, for updates, please go to slu.edu/medicine/pase

Advanced Practical Exposures in Vascular Surgery

Vascular surgery has become more endovascularly-focused and training paradigms have become shorter leading to a complaint of a reduction in open surgical exposures for current vascular trainees. While there are several conferences designed to address this gap in experience, mostly centered on aortic exposure, there are not enough dedicated training courses to facilitate the need for more open surgical techniques.

We have designed a course to allow senior fellows and residents who are due to complete or have recently completed training, or vascular surgeons of any age who need a refresher in open surgical approaches the opportunity to solidify open surgical skills by offering the Advanced Practical Exposures in Vascular Surgery (APEX-VS) Course.

Continuing Medical Education (CME) credit is available.

Friday, October 4, 2019

7:00 AM - 6:00 PM

"How I Do It" - HIDIs

- Dorsalis Pedis
- Peroneal
- Anterior Tibial
- Femoral Vein
- Lateral Approach to Femoral Artery
- Hands-On Cadaver Lab: Dorsalis Pedis, Peroneal, Anterior Tibial, Femoral Vein, Lateral Approach to Femoral Artery

HIDIs

- Proximal Subclavian Artery
- Mid/Distal Subclavian Artery
- Proximal Carotid Artery
- Distal Carotid Artery
- Vertebral Artery Exposure
- Hands-On Cadaver Lab: Proximal Subclavian Artery, Mid/Distal Subclavian Artery, Proximal Carotid Artery, Distal Carotid Artery, Vertebral Artery Exposure
- Welcome Reception - Greet the Faculty – All Invited
- Faculty Dinner

Saturday, October 5, 2019

7:00 AM - 3:15 PM

HIDIs

- Supraceliac Aorta and Celiac Origin
- SMA in the Mesentery and Origin
- Splenic Artery
- Renal Arteries
- Hepatic Arteries
- Hands-On Cadaver Lab: Supraceliac Aorta and Celiac Origin, SMA in the Mesentery and Origin, Splenic Artery, Renal Arteries, Hepatic Arteries

HIDIs

- XLIF (Thoracic, Lumbar, Lumbosacral)
- Hands-On Cadaver Lab: XLIF – Thoracic, Lumbar, Lumbosacral

EDUCATIONAL OBJECTIVES

- Discuss and Review less-commonly encountered vascular surgery exposures in the neck, chest, abdomen, legs and spine through a series of high impact "How I Do It" presentations by expert surgeons
- Observe demonstrations reviewing the surgical landmarks and anatomical structures encountered during the above vascular exposures
- Perform these less-commonly encountered vascular exposures using lightly embalmed cadavers and small group experiences under the direction of renowned faculty

CONTINUING EDUCATION

Accreditation: Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: Saint Louis University School of Medicine designates this live activity for a maximum of 13.75 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

REGISTRATION:

For Further Course Details and REGISTRATION Click On (or type in your internet browser) the link below:

slu.edu/medicine/pase

This workshop will be held at the PASE Learning Center located in Young Hall, 3839 Lindell Boulevard, Saint Louis, MO 63108

TUITION FEES:

Physicians: \$795
Residents/Fellows: \$395

The education the participant gains through our CME activities does not satisfy training requirements to perform the surgery.
