

Childcare & Family Resources

Childcare Aware

If you are a medical professional or other essential employee looking for child care, you can email referralcenter@mo.childcareaware.org for assistance or call 1-866-892-3228 to leave a message for a Resource Specialist.

You can also utilize the [online child care search 24/7](#).

Employee Assistance Plan

Our EAP - administered by ComPsych - can help you locate child care providers, after school care, and daycare options. They will make recommendations that fit your budget and within the distance or location that you request. All of this is free and included as a benefit to full-time employees.

You can reach them by calling 1-800-859-9319 or [online using the "Register" tab](#) and putting in the Organization Web ID: SLUEAP.

Missouri Department of Social Services-Child Care Resources

The Child Care Subsidy Program assists eligible parents/guardians with payments for child care in Missouri. The purpose of this program is to help families with the cost of child care so that they can focus on finding and holding steady jobs.

The Early Childhood Section of the Children's Division also helps to promote quality and safety in early care and education environments for all Missouri families.

United 4 Children

As the lead agency for Childcare support during the COVID-19 pandemic, United 4 Children's services is available to caregivers and families across the St. Louis Metro Region. They can assist with care coordination and basic needs coordination.

Tutoring Services

Fee based, tutoring services you can contact to assist you with a variety of educational needs for your family.
