SAINT LOUIS UNIVERSITY SCHOOL OF MEDICINE encourages application from students who have achieved a high level of academic performance and who manifest in their personal lives those human qualities compatible with a career of service to society. The University’s mission statement affirms the value of a diverse educational environment to prepare students for life and work in a global society. To foster this mission, the School of Medicine strives to recruit, admit, retain, and graduate a diverse student body. Besides ethnicity, this diversity encompasses differences based on gender, culture, and economic circumstances.

DEGREE PROGRAMS OFFERED

M.D. Doctor of Medicine

M.D. – Ph.D. Doctor of Medicine – Doctor of Philosophy

M.D. – M.P.H. Doctor of Medicine – Master of Public Health

M.D. – M.B.A. Doctor of Medicine – Master of Business Administration

EDWARD A. DOISY RESEARCH CENTER

Represents a natural next step in the evolution of the University’s long standing research tradition, all with the goal of making our world a healthier place.

SAINT LOUIS UNIVERSITY SCHOOL OF MEDICINE
Higher purpose. Greater good.
SAINT LOUIS UNIVERSITY
SCHOOL OF MEDICINE
is proud to be part of the
450-year tradition of Jesuit
education. Established in
1836, the School has the
distinction of awarding
the first M.D. degree west
of the Mississippi River. Beyond the important
objective of training competent physicians who
are scholars of human biology, the School strives
to graduate physicians who manifest in their
personal and professional lives an appreciation
for ethical and professional attitudes that
reflect the Jesuit spirit and values, and effect
the physician’s interactions with patients and
colleagues, and with society.

Working within an academic milieu committed
to excellence, the faculty of the School of
Medicine is engaged in medical research in
both basic and clinical sciences. The School is a
pioneer in organ transplantation, chronic disease
prevention, cardiovascular disease, neurosciences
and vaccine research, among others.

The School of Medicine trains physicians and
biomedical scientists, conducts medical research,
and provides health services on a local, national
and international level.

Established in 1836, the School has the
distinction of
awarding the
first M.D. degree west
of the Mississippi River.
