Dear Billiken families,

When the young person in your life becomes a SLU student, you become more than the family member of a Billiken. You become part of the Billiken family. I am pleased to welcome you, as we prepare to begin the 2022-2023 academic year.

This calendar outlines a year in the life of a Billiken, from the first day of classes to the last day of final exams. Each page highlights milestone dates and events. Scanning through the months, you can chart the ebbs and flows of an academic year.

But what makes the SLU experience so special is how Billikens fill in their days. Our University’s mission is to pursue truth for the greater glory of God and for the service of humanity. Day by day, students take steps toward this higher purpose, and contribute to the greater good.

Students will form lifelong bonds of friendship. They will live by the value of cura personalis – care of the whole person, for self and for others. They will join student groups, lead initiatives, participate in campus activities. They will contribute to the transformation of our community through service and community engagement.

This year, Billikens will begin a new core curriculum, through which they learn to be thinkers in the spirit of the Catholic, Jesuit tradition. They will develop deeper knowledge in their chosen fields, and begin applying their expertise in internships and practicums. Ultimately, they will walk to receive their diplomas and continue their journeys into the world, where they will serve as ethical leaders prepared to make a positive impact.

So much happens in the years a Billiken spends on the SLU campus. You play a unique role in your Billiken’s journey, and in the SLU community. Your love and care are the foundation on which our students will build their adult lives. Each day, you support students as they encounter new and challenging moments of growth. You inspire them to envision their future, and to work toward their goals. And with us, you celebrate their remarkable accomplishments.

I hope to see you at some of the events or celebrations marked on the pages of this calendar. I am grateful to have the opportunity to join with you as we accompany our Billikens through this year, and through this exciting part of their lives.

I pray that the 2022-2023 academic year is filled with blessings, for you and for our entire Billiken family.

Fred P. Pestello, Ph.D.

MISSION statement

The Mission of Saint Louis University is the pursuit of truth for the greater glory of God and for the service of humanity. The University seeks excellence in the fulfillment of its corporate purposes of teaching, research, health care and service to the community. It is dedicated to leadership in the continuing quest for understanding of God’s creation and for the discovery, dissemination and integration of the values, knowledge and skills required to transform society in the spirit of the Gospels. As a Catholic, Jesuit university, this pursuit is motivated by the inspiration and values of the Judeo-Christian tradition and is guided by the spiritual and intellectual ideals of the Society of Jesus.

OATH OF inclusion

We, as students, form a diverse and vibrant university community.

We do not enter into this community by proximity, but by virtue of a quest for understanding of God’s creation and for the discovery, dissemination and integration of the values, knowledge and skills required to transform society in the spirit of the Gospels. As a Catholic, Jesuit university, this pursuit is motivated by the inspiration and values of the Judeo-Christian tradition and is guided by the spiritual and intellectual ideals of the Society of Jesus.

WHAT’S A Billiken?

The Billiken is a good-luck figure who represents “things as they ought to be.” Designed and manufactured in the early 1900s, the Billiken was the national fad for about six months. By 1912, the Billiken and its value as a good-luck charm were just memories for all except the loyal fans of Saint Louis University.

How the Billiken became attached to the University is perhaps the primary debate. The uniting of SLU and the Billiken seems to have happened sometime between 1910 and 1911 at the height of Billiken-mania. A St. Louis sports writer noted that SLU Football Coach John Bender resembled the Billiken. Later, a cartoonist drew a caricature of the coach in the form of a Billiken and posted it in the window of a drugstore. The football team soon became known as “Bender’s Billikens.” One last point on Billiken luck: To buy a Billiken gives the purchaser luck, but to be given one is better luck.

GREETINGS

Billiken Families!

My name is Kesha Williams and I serve as the Director for Parent and Family Engagement at Saint Louis University. I have the distinct pleasure of meeting and partnering with parents and families at SLU.

My office provides families with information, programs, services and resources to help you support your student from near or far, all year round. I encourage you to visit the parent and family website, which features key resources for families and a list of parent and family events. In addition, it explains how you can stay involved by joining the Billiken Parent and Family Association.

There is so much that I appreciate and respect about this University, but one that sticks out in my mind is the passion, commitment and respect for this institution to live out its mission of “pursuit of the greater glory of God and for the service of humanity.”

Please don’t hesitate to contact me with any questions at parents@slu.edu or 314-977-9378.

With Billiken Pride,

Kesha Williams
Director for Parent and Family Engagement

HELLO AND WELCOME TO SAINT LOUIS UNIVERSITY!
I hope you and your Billiken are as excited to be a part of this community as I was two years ago. And I hope y’all love it as much as we do.

My name is Sheri Lawson and I am the Chairperson for the Billiken Parent and Family Association. My Billiken is in his third year at SLU studying civil engineering. The amount of support given to all students is really what drew us to SLU. And the campus is just beautiful! This is my third year on the BPFA board. I love being able to reach out to our Billikens, especially when we are doing fun things on campus.

The Billiken Parent and Family Association (BPFA) is a great way to stay abreast of what is going on and around the campus. Believe me when I say there are times you will know more than your Billiken. They are worried about classes and friends and might not notice that they moved the dolphins (true story) or that there is free cookie decorating on campus. It’s also a great place to pick the brains of those parents who have come before us. Even now, in our third year on campus, I still have questions.

The BPFA is also a great place to meet others going through the myriad of emotions I’m sure you are feeling right now. Whether it’s your first, your last, or your only heading out into the big world, someone else has been there. And these conversations can lead to beautiful friendships. I know they did for me. So, again, welcome to SLU. Check out our Facebook page by searching Billiken Parent and Family Association and ask your questions or just say “hi.”

With Billiken Pride,
Sheri Lawson
Chairperson of the Billiken Parent and Family Association

things to do in St. Louis, according to the Billiken Parent and Family Association (BPFA):

St. Louis is a unique city with so much culture, diversity, spirit and fun. Below is just a sample of some of what’s in store for you and your student as they embark on their college journey.

MUST-TRY FOODS:

- **Goofy Butter Cake**: This coffee-style cake, famous for its crisp edges, chewy crust, goofy center, and topped with powdered sugar was originally made by “accident” but soon became a Saint Louis favorite. This can be found at most bakeries and grocery stores.

- **Frozen Custard**: A cup of creamy frozen custard is perfect on a hot and steamy Saint Louis summer day (or anytime)! Ted Drewes has two locations and is well known for its vanilla custard with lots of toppings options but there are many options throughout the Saint. Louis area boasts the best-frozen custard in town.

- **St. Louis Style Pizza**: St. Louis is famous for thin crust pizza, frequently made with provel cheese, and you can find it at just about any hometown pizza shop. It’s definitely a must-try, so come on, Chicago pizza fans. The water is fine!

- **Toasted Ravioli**: Topped with Parmesan cheese with a side of marinara, this breaded, deep-fried (or baked) pasta is a favorite St. Louis appetizer.

MUST-VISIT PLACES:

- **Forest Park**: Named the #1 city park in the United States by USA Today, this park is home to the Saint Louis Zoo, the Science Center, the Muny outdoor theater, the Saint Louis Art Museum and the Missouri History Museum. There are countless activities from paddle boats, and trails to ice skating at Steinberg outdoor rink in the winter.

- **Gateway Arch National Park**: The “Gateway to the West” stands 630 feet tall overlooking the Mississippi River. You can take a tram ride to the top or explore the museums inside, but don’t forget to take a picture!

- **Union Station**: Where can you visit Stan the Blue Lobster? Where can you see the sights of downtown Saint Louis from the top of a Ferris wheel? Where can you explore a ropes course, grab a huge shake and bite to eat and two much more? Union Station! The historic site is an architectural gem.

- **The City Museum**: Housed in a 10-story, 100-year-old warehouse, City Museum is an ever-changing adventure for kids of all ages — and adults!
