Program-Level Assessment: Annual Report

**Program Name (no acronyms):** Spanish

**Department:** Languages, Literatures & Cultures

**Degree or Certificate Level:** MA

**College/School:** Arts & Sciences

**Date (Month/Year):** September 2023

**Assessment Contact:** Dr. Amy E. Wright

---

**In what year was the data upon which this report is based collected?** 2022-23

**In what year was the program’s assessment plan most recently reviewed/updated?** 2022-23 [see attached 2022-23 plan]

---

1. **Student Learning Outcomes**
   
   Which of the program’s student learning outcomes were assessed in this annual assessment cycle? (Please list the full, complete learning outcome statements and not just numbers, e.g., Outcomes 1 and 2.)

   We continue to use the 4 categories of our Program Assessment Plan, which constitute our current SLOs:
   
   1. Graduates will be able to dialogue with (summarize and synthesize; critically and analytically respond to; compare and contrast) key works and recent scholarship in Hispanic Literatures, Cultures & Linguistics.
   2. Graduates will be able to write and conduct research in Spanish, evidencing analysis, argumentation and organization.
   3. Graduates will be able to speak about and present on their coursework and research in Spanish.
   4. Graduates will be able to teach language and cultures of the Spanish-speaking world, using current methods in Foreign Language Pedagogy, with a deep understanding of their historical development as well as current relevance.

---

2. **Assessment Methods: Artifacts of Student Learning**

   Which artifacts of student learning were used to determine if students achieved the outcome(s)? Please describe and identify the course(s) in which these artifacts were collected. Clarify if any such courses were offered a) online, b) at the Madrid campus, or c) at any other off-campus location.

   4 M.A. candidates graduated in 2022-23 and were evaluated using our Final Written and Oral Examination. SLOs 1-3 have been evaluated cumulatively via a Final Written Examination (SLOs 1 & 2) and Final Oral Exam (SLOs 1 & 3). Our cumulative assessment of SLO 4 remains in evolution, as we are working on revising our courses SPAN 5040, and we have established two new courses (SPAN 5041 and 5042) with regards to assessments for our relatively new learning outcome for pedagogy.

---

3. **Assessment Methods: Evaluation Process**

   What process was used to evaluate the artifacts of student learning, and by whom? Please identify the tools(s) (e.g., a rubric) used in the process and include them in/with this report document (please do not just refer to the assessment plan).

   4 of our 6 graduate faculty members were directly involved in data collection for assessment in 2022-23, by serving as members of final written and oral examination juries.

---

4. **Data/Results**

   What were the results of the assessment of the learning outcome(s)? Please be specific. Does achievement differ by teaching modality (e.g., online vs. face-to-face) or on-ground location (e.g., STL campus, Madrid campus, other off-campus site)?

   Our 4 candidates passed both the required (written and oral) examinations: 2 in Fall 2022, 2 in Spring 2023.

   One candidate had to re-take her oral exam (not passing in Spring 2022 and retook the exam in Fall 2022).
5. **Findings: Interpretations & Conclusions**
   What have you learned from these results? What does the data tell you?

   Our program continues to meet its stated outcomes.

6. **Closing the Loop: Dissemination and Use of Current Assessment Findings**
   A. When and how did your program faculty share and discuss these results and findings from this cycle of assessment?

   These students’ assessments were given and evaluated in Spring 2023. Results/findings will be discussed in Spanish Graduate Faculty meetings in Academic Year 2023-24.

   B. How specifically have you decided to use these findings to improve teaching and learning in your program? For example, perhaps you’ve initiated one or more of the following:

   - **Changes to the Curriculum or Pedagogies**
     - Course content
     - Teaching techniques
     - Improvements in technology
     - Prerequisites
     - Course sequence
     - New courses
     - Deletion of courses
     - Changes in frequency or scheduling of course offerings

   - **Changes to the Assessment Plan**
     - Student learning outcomes
     - Artifacts of student learning
     - Evaluation process
     - Evaluation tools (e.g., rubrics)
     - Data collection methods
     - Frequency of data collection

   Please describe the actions you are taking as a result of these findings.

   We had a new hire in the area of pedagogy (SLO #4) who arrived in Fall 2023. We will work with this new hire and our other pedagogy instructors in Academic Year 2023-24 to establish assessments for SLO #4.

   If no changes are being made, please explain why.

   n/a

7. **Closing the Loop: Review of Previous Assessment Findings and Changes**
   A. What is at least one change your program has implemented in recent years as a result of assessment data?

   In Spring 2023 we continued to make improvements to our cumulative written (external) and oral (internal) assessment rubrics to more accurately reflect our expectations of the students in the Fail, Passing & Excellent (“Passing with Distinction”) categories.

   B. How has this change/have these changes been assessed?

   We will continue to assess these rubrics throughout the coming year (2023-24): we anticipate that in Fall 2023 one student will be taking their Final Written and Oral Examinations.

   C. What were the findings of the assessment?

   To be determined.

   D. How do you plan to (continue to) use this information moving forward?

   We will continue to work under these established Program Outcomes to add courses that are of increasing value to our population according to the data collected through our 2020 student survey. Additionally, we will
continue to design and implement assessments for our new pedagogy-related SLO #4. Lastly, we are beginning our conversations re: changes related to our cumulative assessments: changes to program structure, the reading list, options for research project as a potential alternative assessment.

IMPORTANT: Please submit any assessment tools (e.g., rubrics) with this report as separate attachments or copied and pasted into this Word document. Please do not just refer to the assessment plan; the report should serve as a stand-alone document.
