Graduates will propose and conduct research related to educational leadership practices emphasizing professional integrity in the field.

A 4 point rubric (to be created) will be used to evaluate coursework for inclusion of equity components. State licensure exam passage rate and program completion will be used to evaluate meeting this outcome. Individual exit interviews will occur to determine student suggestions for improvement of the program. Data from exit interviews will be analyzed for needed improvements.

### Additional Questions

1. **On what schedule/cycle will faculty assess each of the program’s student learning outcomes?** (Note: It is **not recommended** to try to assess every outcome every year.)

   Finals were analyzed for alignment to student outcomes in 2020. Coursework audit evaluation rubrics will be created and implemented for gathering data showing alignment to outcomes – to be evaluated in 2022. Curriculum alignment will occur in 2021 to indicate where cultural proficiency is embedded in courses – rubric with educational practices could be used to evaluation own pedagogy. Internship program will be evaluated in 2023.

2. **Describe how, and the extent to which, program faculty contributed to the development of this plan.**

   **Faculty Involvement:**
   The entire faculty is involved in each assessment approach being planned for the coming years.

   **Assessment Plan review:**
   The assessment plan will be reviewed yearly on Moving Forward Day in the School of Education.

   **IMPORTANT:** Please remember to submit any rubrics or other assessment tools along with this plan.
