GAAC Degree Program Proposal

Requesting College(s)/School(s)/Center(s): School of Education

Requesting Department(s): Educational Studies

Academic Level:  
- [ ] Post-Baccalaureate (includes all graduate and professional programs)
- [x] Master of Arts (M.A.)
- [ ] Master of Science (M.S.)
- [ ] Doctor of Philosophy (Ph.D.)
- [ ] Other – please specify: 

Associated Degree:  
- [x] Master of Arts (M.A.)
- [ ] Master of Science (M.S.)
- [ ] Doctor of Philosophy (Ph.D.)
- [ ] Other – please specify: 

Program Title/Area of Study:  
Master's degree in Education Principles and Practices

Program Start Term:  
- [x] Fall
- [ ] Spring
- [ ] Summer
- [ ] Other

SLU Approval Authority  | Signature  | Date  
------------------------|------------|------
Department Chair        | Jennifer Bucklin | 10/25/19 
College/School/Center Curriculum Committee Chair | Jennifer Bucklin PP Jody Wood | 10/25/19 
College/School/Center Dean | Gary W. Rett | 10/25/19 
Chair, GAAC             |            |      
Council of Academic Deans and Directors |            |      
Provost                 |            |      
Chair, Academic Affairs Committee of the University Board of Trustees |            |      
Chair, University Board of Trustees |            |      

[ ] HLC Approval Date (if applicable)
4.0 STUDENT LEARNING OUTCOMES AND ASSESSMENT PLAN

Note: You are strongly encouraged to work with the University Assessment Coordinator (977-4189 or thatcherk@slu.edu) as you develop this portion of the proposal. The University Assessment Coordinator can help you establish appropriate student learning outcomes, methods for measuring student progress and using the data to inform program improvement, and assist with all facets of academic assessment.

4.1 Student Learning Outcomes Assessment Plan
Complete the table below to provide an overview of your plan to assess student progress toward achievement of desired program-level learning outcomes. Note that results of evaluations of student performance against each learning outcome identified below will be reviewed as part of all college/school/center-level and University-level program reviews.

<table>
<thead>
<tr>
<th>Program-Level Student Learning Outcomes</th>
<th>Evaluation Method</th>
<th>Use of Assessment Data</th>
</tr>
</thead>
<tbody>
<tr>
<td>What are the most important (no more than five) specific learning outcomes you intend for all program completers to be able to achieve and demonstrate upon completion of the program?</td>
<td>How will students document/demonstrate their performance toward achievement of the learning outcomes? How will you measure student performance toward achievement of the learning outcomes? Describe any use of direct measures: capstone experiences/courses, standardized exams, comprehensive exams, dissertations, licensure exams, locally developed exams, portfolio reviews, course-embedded assessments, etc. Describe any use of indirect measures: student, alumni or employer surveys (including satisfaction surveys); exit interviews/focus groups with grads; retention/transfer studies; graduation rates; job placement/grad school admission rates; etc.</td>
<td>How and when will student performance data be analyzed and then used to “close the assessment loop” and inform program improvement? How will you document that?</td>
</tr>
</tbody>
</table>

**EXAMPLE:**
1. Demonstrate a thorough understanding of ethical problems being addressed in an individual case or class of cases.

**EXAMPLE:**
**Direct Measures:**
1. The following courses in the program specifically require formal case analyses designed to elicit direct evidence of student development toward this outcome: BUS 500, BUS 522, BUS 600
2. Embedded in the mid-term and final exams in certain required courses (BUS 550, MGMT 503, BUS 650) will be questions designed specifically to provide data enabling faculty and program administrators to evaluate student progress toward this outcome.

**Indirect Measures**
1. End-of-course student surveys will solicit self-evaluations of their development in the context of this outcome.
2. Alumni surveys (administered one and five post-graduation) will solicit from graduates self-evaluations of their continued development in the context of this outcome, and will particularly focus on how the program has impacted professional competency.

**EXAMPLE:**
Assessment results will be analyzed annually against a standard rubric by the program director and a small team of faculty; recommendations for curriculum, pedagogy and/or assessment revisions will be made to the department faculty on an annual cycle that allows for appropriate implementation. Reviews of the impact of any such program changes will also be conducted annually, and the records of those reviews will be maintained by our department assessment coordinator.
1. **Students will be able to critically analyze** scholarly work in the field of education.

   **Direct Measures:**
   - Literature review assignments in the core (EDR 5000 General Research Methods for Educators, EPE 5250 Contemporary Issues in Education Policy)
   
   **Indirect Measures:**
   - Alumni surveys

   **The data for each learning outcome will be gathered via course assignment rubrics, capstone project rubrics, feedback forms, and surveys.**
   - Course assignment rubrics will be developed by individual course instructors and vetted during monthly Educational Studies faculty meetings.
   - Capstone rubrics, feedback forms, and alumni surveys will be developed by the faculty leaders in each certificate area and vetted during monthly Educational Studies faculty meetings.

   **Data will be housed on the SOE assessment dashboard and analyzed annually by the program director and faculty members at SOE Moving Forward Day in October. Program changes recommended by the faculty will be reported to the dean, implemented by the program director, and reevaluated annually.**

2. **Students will be able to apply research-based best practices to problems grounded in educational literature.**

   **Direct Measures:**
   - Problem of practice assignments in the core (EDF 5300 Advanced Educational Psychology, EDI 5920 Collaborative Leadership and Communication)
   - Capstone project/oral exam

   **Indirect Measures:**
   - Alumni surveys

   **The data for each learning outcome will be gathered via course assignment rubrics, capstone project rubrics, feedback forms, and surveys.**
   - Course assignment rubrics will be developed by individual course instructors and vetted during monthly Educational Studies faculty meetings.
   - Capstone rubrics, feedback forms, and alumni surveys will be developed by the faculty leaders in each certificate area and vetted during monthly Educational Studies faculty meetings.

   **Data will be housed on the SOE assessment dashboard and analyzed annually by the program director and faculty members at SOE Moving Forward Day in October. Program changes recommended by the faculty will be reported to the dean, implemented by the program director, and reevaluated annually.**

3. **Students will be able to communicate research-based best practices to diverse educational stakeholders.**

   **Direct Measures:**
   - Advocacy strategy assignment in the core (EDI 5920 Collaborative Leadership and Communication)
   - Capstone project/oral exam

   **Indirect Measures:**
   - Alumni surveys
   - Employment tracking

   **The data for each learning outcome will be gathered via course assignment rubrics, capstone project rubrics, feedback forms, and surveys.**
   - Course assignment rubrics will be developed by individual course instructors and vetted during monthly Educational Studies faculty meetings.
   - Capstone rubrics, feedback forms, and alumni surveys will be developed by the faculty leaders in each certificate area and vetted during monthly Educational Studies faculty meetings.

   **Data will be housed on the SOE assessment dashboard and analyzed annually by the program director and faculty members at SOE Moving Forward Day in October. Program changes recommended by the faculty will be reported to the dean, implemented by the program director, and reevaluated annually.**
4. Students will demonstrate the ability to collaborate with a variety of educational stakeholders.

<tr>
<td>• Alumni surveys</td>
<td>Data will be housed on the SOE assessment dashboard and analyzed annually by the program director and faculty members at SOE Moving Forward Day in October. Program changes recommended by the faculty will be reported to the dean, implemented by the program director, and reevaluated annually.</td>
</tr>
</tbody>
</table>

4.2 Curriculum Mapping

Courses should contribute to student achievement of the program learning outcomes detailed above. Sequencing should be intentional and complementary, allowing for the development of curricular content at multiple levels and the application and demonstration of student understanding and skills at multiple levels. Accordingly, complete the two curriculum maps below, indicating the course(s) in which each learning outcome is intentionally addressed and at particular levels of intellectual complexity and rigor, using the level indicators* provided below. Depending on the nature of the proposed program, the levels may seem more or less appropriate. Without veering from the spirit of the exercise, you may adapt the
levels as deemed appropriate.

<table>
<thead>
<tr>
<th>Level I</th>
<th>Level II</th>
<th>Level III</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Knowledge &amp; Comprehension:</strong> Recall data or information; understand the meaning, translation, interpolations, and interpretation of instructions and problems; state a problem in one’s own words.</td>
<td><strong>Application:</strong> Use a concept in new situations; unprompted use of an abstraction. Application of knowledge in novel situations. <strong>Analysis:</strong> Separates material or concepts into component parts so organizational structure may be understood. Distinguishes facts from inferences.</td>
<td><strong>Synthesis:</strong> Builds a structure or pattern from diverse elements. Put parts together to form a whole, with emphasis on creating a new meaning or structure. <strong>Evaluation:</strong> Make judgments about the value of ideas or materials.</td>
</tr>
</tbody>
</table>

**Note:** When you first complete the curriculum maps, you may see that certain outcomes are not addressed in any developmentally-appropriate sequence, or that a particular outcome might not be addressed substantially enough; you might even see that you have included a course(s) in your curriculum that doesn’t substantially contribute to the development of any outcome. You should use the map to alter your program design, course syllabi and course sequencing to best facilitate and support student achievement of the outcomes. The result of that exercise should be a final curriculum map presented below when you submit your proposal to UAAC.

Courses Offered by Home Department of Proposed Major or Minor: for Master’s Degree in Education Principles and Practices

</table>
reduce challenging behaviors.

Apply knowledge and practice to solve problems in local educational contexts:
Students will be able to design system-leveled support and classroom-leveled strategies to promote inclusive practices in a specific educational context.

Communicate with stakeholders to effect educational change:
Students will be able to develop action plans for engaging with educational stakeholders in local or national contexts to implement skills and tools that promote well-being.
