# The President's Vision

First presented in 1990 by then University President Lawrence Biondi, S.J., the President's vision is affirmed by William Kauffman, J.D., Interim University President.

My vision is to establish and maintain Saint Louis University as the finest Catholic university in the United States, wherein the entire University community is actively engaged in student formation. Challenged by outstanding faculty and a modern, value-centered curriculum reflecting the Jesuit tradition, students are fully prepared to contribute to society and to be effective leaders of social change based on the ethical values and principles taught in the Saint Louis University tradition.

William R. Kauffman, J.D.  
Interim University President

## Mission of Saint Louis University

The Mission of Saint Louis University is the pursuit of truth for the greater glory of God and for the service of humanity. The University seeks excellence in the fulfillment of its corporate purposes of teaching, research, health care and service to the community. It is dedicated to leadership in the continuing quest for understanding of God's creation and for the discovery, dissemination and integration of the values, knowledge and skills required to transform society in the spirit of the Gospels. As a Catholic, Jesuit university, this pursuit is motivated by the inspiration and values of the Judeo-Christian tradition and is guided by the spiritual and intellectual ideals of the Society of Jesus.

In support of its mission, the University:

- Encourages and supports innovative scholarship and effective teaching in all fields of the arts; the humanities; the natural, health, and medical sciences; the social sciences; the law; business; aviation; and technology.
- Creates an academic environment that values and promotes free, active, and original intellectual inquiry among its faculty and students.
- Fosters programs that link University resources to local, national, and international communities in collaborative efforts to alleviate ignorance, poverty, injustice, and hunger; extend compassionate care to the ill and needy; and maintain and improve the quality of life for all persons.
- Strives continuously to seek means to build upon its Catholic, Jesuit identity and to promote activities that apply its intellectual and ethical heritage to work for the good of society as a whole.
- Welcomes students, faculty, and staff from all racial, ethnic, and religious backgrounds and beliefs and creates a sense of community that facilitates their development as men and women for others.
- Nurtures within its community an understanding of and commitment to the promotion of faith and justice in the spirit of the Gospels.
