

APRC Financial Data

provost@slu.edu

Tue 12/1/2020 4:15 PM

Dear Colleagues,

I am writing to direct you to the website containing the data the APRC used in their work. At the October Faculty Senate meeting, I said I had hoped to have it available within weeks, and that clearly proved to be overly optimistic. I appreciate everyone's patience. The data can be found at: <https://sites.google.com/a/slu.edu/academic-financial-planning-and-portfolio-review/academic-financial-planning>. You need a slU.edu or health.slU.edu email account to access it.

It currently contains the financial data for each department. Overhead is not currently included at the department level, but we continue to work toward its inclusion in response to the considerations voiced by faculty at the October Faculty Senate meeting and in other settings. In addition, we will add the student matriculation and graduation data to the website shortly and communicate when it is ready to be accessed.

Best Regards,
Mike Lewis, PhD
Interim Provost
