

## College of Arts and Sciences Reorganization - Next Steps

provost@slu.edu

Wed 11/3/2021 8:53 AM

Dear Saint Louis University community,

Last week, I wrapped up the listening sessions for the College of Arts and Sciences (CAS) reorganization, which also impacts the Parks College of Engineering, Aviation and Technology. I want to thank all the faculty, students, and staff that made time to attend these sessions, and provide feedback and input into the process. Your thoughtful questions and comments were welcomed and appreciated.

Looking ahead, I ask that anyone who plans to submit an alternative proposal (whether a partial proposal that only speaks to a few elements of my initial proposal, or a completely new proposal), to please submit those alternatives by Fri, Nov 19.

This timeline is meant to allow any members of our community several weeks to formulate and submit alternatives, while also giving me time to consider those proposals before issuing my final decision. I plan to announce that final decision by Fri, Dec 17, 2021. We will spend the remainder of the academic year working on implementation of the reorganized colleges/schools.

Again, I appreciate everyone's engagement with the process, and look forward to the next steps.

Sincerely,

Mike Lewis, Ph.D.  
Provost
