BOARD OF DIRECTORS

Barbara W. Shank, PhD
St. Catherine University & University of
St. Thomas Collaborative

July 9, 2018

Dr. Fred P. Pestello
President
Saint Louis University
Office of the President
221 N. Grand Blvd.
St. Louis, MO 63103

Dear President Pestello:

At its June 2018 meeting, the Commission on Accreditation (COA) reviewed the self-study, the COA *Letter of Instructions*, the *Site Visit Report*, and the program's response to the report as the *Reaffirmation* application for the master's social work program. The COA voted to reaffirm accreditation of the program for eight years, ending in June 2026, with a *Progress Report* to be reviewed by the COA.

In taking this action, the Commission identified the following area(s) of concern:

Accreditation Standard 4.0.1: *The program presents its plan for ongoing assessment of student outcomes for all identified competencies in the generalist level of practice (baccalaureate social work programs) and the generalist and specialized levels of practice (master's social work programs). Assessment of competence is done by program designated faculty or field personnel. The plan includes:*

- *A description of the assessment procedures that detail when, where, and how each competency is assessed for each program option.*
- *At least two measures assess each competency. One of the assessment measures is based on demonstration of the competency in real or simulated practice situations.*
- *An explanation of how the assessment plan measures multiple dimensions of each competency, as described in EP 4.0.*
- *Benchmarks for each competency, a rationale for each benchmark, and a description of how it is determined that students' performance meets the benchmark.*
- *An explanation of how the program determines the percentage of students achieving the benchmark.*
- *Copies of all assessment measures used to assess all identified competencies.*

The program presented its plan for ongoing assessment of student outcomes for all identified competencies in the generalist and specialized levels of practice (master's social work programs). However, the program did not provide copies of all assessment measures used to assess all identified competencies.

The program is asked to provide copies of all assessment measures used to assess all identified competencies.

Dr. Fred P. Pestello, President
Saint Louis University
July 9, 2018
Page 2 of 2

Accreditation Standard 4.0.2: *The program provides its most recent year of summary data and outcomes for the assessment of each of the identified competencies, specifying the percentage of students achieving program benchmarks for each program option.*

The program provided some of its most recent year of summary data and outcomes for the assessment of each of the identified competencies, specifying the percentage of students achieving program benchmarks for each program option. However, the program did not provide all its most recent year of summary data and outcomes. Additionally, the program did not report behavior-level outcomes, for each competency, for the real or simulated practice measure.

The program is asked to provide its most recent year of summary data and outcomes for the assessment of each of the identified competencies, specifying the percentage of students achieving program benchmarks for each program option.

Accreditation Standard 4.0.4: *The program describes the process used to evaluate outcomes and their implications for program renewal across program options. It discusses specific changes it has made in the program based on these assessment outcomes with clear links to the data.*

The program described the process used to evaluate outcomes and their implications for program renewal across program options. However, the program did not discuss specific changes it has made in the program based on these assessment outcomes with clear links to the data.

The program is asked to discuss specific changes it has made in the program based on these assessment outcomes with clear links to the data.

Submit three (3) copies of the *Progress Report* no later than April 1, 2019 for review during the June 2019 Commission on Accreditation meeting.

Please be in touch with Katie Gibson, Accreditation Specialist in the Department of Social Work Accreditation, if there are any questions about this letter or the procedures and actions of the Commission on Accreditation.

Sincerely,

Andrew W. Safyer, PhD, MSW
Chair, Commission on Accreditation
