STEP 6 (part 1):

Complete the required information for your SLU learner profile.

NOTE: SLU employees and students should list a Banner ID number (even though the question is not mandatory) and modified email address. Including these items will ensure the link with training records and the eIRB system (proof of training is mandatory on the IRB application).

Community partners or other users taking the SLU Citi training as instructed do not need to list a Banner ID number or SLU email address.

Follow these important instructions to modify your SLU email to ensure the link to your eIRB account.

SLU users should list their 9 digit Banner ID # in order to link your account to eIRB.
STEP 6 (part 2):
Complete the optional address information.

NOTE: Only an office phone number is required.

When finished, click “Continue to Step 7”.

STEP 7 (part 1):
Select the first option: “Yes, I need to take required IRB Training. I conduct research with live human beings, human tissue samples or with data derived from human beings”.

When finished, click “Next”.

NOTE: You may select other class options at the same time if desired, but only the first option is mandated by the IRB Office.

When finished, click “Next”

* You should select “NO” unless you are sure a previous basic HSR course has been accepted by the SLU IRB. The refresher course will not satisfy the training requirement alone.

IMPORTANT: The IRB does not accept the refresher course for the human subjects protection training requirement. For more information, or to find out if a previously completed training will qualify, contact the IRB at (314) 977-7744 or irb@slu.edu.

* indicates a required field.
**STEP 7 (part 3):**

When finished, click “Next”.

**If you conduct Human Subjects Research, what is your research focus?**

Choose one answer

- I conduct Biomedical Research: This is the first time I will take the CITI basic course for investigators and key University.
- I conduct Social/Behavioral Research: This is the first time I will take the CITI basic course for investigators at University.
- I am an external collaborator (e.g., community partner). I am assisting on a Saint Louis University research project and have been instructed to take this course. NOTE: this course is not for SLU faculty, staff or students or for anyone who is routinely conducting research.

---

**Biomedical Research:** Individuals who conduct any biomedical research should select this course during registration.

**Social/Behavioral Research:** Individuals who conduct only social/behavioral research should select this course during registration.

**External Collaborator:** This course is only for non-SLU collaborators, such as community partners (not SLU faculty, staff or students), who are assisting on a SLU research project and have been instructed to take this course.
