Jesuit Prayer for the Beginning of Meetings
O Spirit of God, we ask you to help orient all our action by your inspiration, carry them on by your gracious assistance, that every prayer and work of ours
may always begin from you
and through you, be happily ended.

Reflection: “It is dangerous to make everybody go forward by the same road: and worse to measure others by oneself” St. Ignatius

Monthly Spotlight 1: *(PowerPoint PDF unavailable)*

- Diego Abente, President & CEO, Casa de Salud

  o The Mission: To facilitate and deliver high-quality clinical and mental health care services to our region’s under and uninsured.
  
  The Focus: Immigrants and refugees who encounter barriers to accessing care from other sources. Founded in 2010, the organization was originally located on Cherokee street and failed. But then it was reimagined with SLU as a foundational partner. They inform immigrants and refugees about the healthcare system in the US, and make sure they ask questions and understand their rights. They help them navigate all aspects of their health and mental health concerns.
  
  Annually, Casa de Salud provides 14,000 services.

  How their needs are provided:
  
  - Medical Professionals volunteer. They serve people from 30 counties (60+ nationalities) in Missouri and Illinois. A patient’s average age is 40 years old. Even though most patients are employed, they are under or uninsured and over 70% require an interpreter. 80% are parents and mostly essential workers.
