

MAKE THE MOST OF YOUR SUMMER

Summer isn't just good for catching up on all the sleep you lost during the school year, it's a great time to get ahead in your coursework.

Whether you're a current or visiting student, spending part of your summer taking classes at Saint Louis University will give you the edge and experience you need to be successful.

We offer nearly 500 courses, including in-demand biology and chemistry classes.

SUMMER BIOLOGY COURSES

**MAY 21–
JULY 1,
2018**

**Principles of
Biology I
(BIOL 1240)**

**Principles of
Genetics
(BIOL 3030)**

**Biochemistry
and Molecular
Biology
(BIOL 3020)**

**JULY 2–
AUG. 12,
2018**

**Principles
of Biology II
(BIOL 1260)**

**Cell Structure
and Function
(BIOL 3040)**

SUMMER CHEMISTRY COURSES

**MAY 21–
JULY 1,
2018**

**General
Chemistry I
(CHEM 1110)
and Lab
(CHEM 1115)**

**Principles
of Organic
Chemistry I
(CHEM 2410)
and Lab
(CHEM 2415)**

**General
Chemistry II
(CHEM 1120)
and Lab
(CHEM 1125)**

**Principles
of Organic
Chemistry II
(CHEM 2420)
and Lab
(CHEM 2425)**

**JULY 2–
AUG. 12,
2018**
